Administrative

Mr. Michael Henderson welcomed all attendees to the day's meeting. The committee was advised that draft PAC Minutes were available for review on the ISO-NE web site. Please provide any comments on the minutes to PACMatters@iso-ne.com.

Mr. Henderson advised that the responses to questions from the February 16, 2011 Economic Studies – Retirement presentation will be available for review on the ISO-NE web site.

Comments have been received from the 2010 Vermont/New Hampshire Needs Assessment. The comments are expected to be posted to the ISO-NE within the next few weeks.

An update was provided to Exploring Energy Efficiency Forecast. It was stated that updates will be provided on this topic monthly.

An overview was provided regarding the process for submission of new economic study requests. Please submit requests to PACMatters@iso-ne.com by April 1, 2011. ISO-NE will advise the requestors of the tile allotted by April 4, 2011. All materials associated with the request are due to ISO-NE by April 7, 2011 with presentation to be held at the April 14, 2011

Mr. Michael Henderson welcomed all attendees to the day's meeting. A status update was provided regarding Commission Policy and ISO-NE initiatives including Price Responsive Demand (PRD). A final FERC Ruling on PRD is pending and development of Price Responsive Demand market rules is still in the early stages.

The Energy Efficiency Forecast will be PAC agenda items for the April, May, and June meetings. ISO-NE progress is continuing to identify and attempt to address Energy Efficiency forecast issues. ISO-NE will be meeting with Energy Efficiency program managers in March 2011. ISO-NE is looking at other ISOs for their approaches to Energy Efficiency forecasting. Future steps are to evaluate existing ISO-NE procedures and treatment of Energy Efficiency by May 31, 2011 with a referral to the technical committees by midyear.

An overview of future PAC meetings was provided along with a tentative PAC schedule through September 21, 2011.

Mr. Henderson advised that draft PAC Minutes were available for review on the ISO-NE web site. Please provide any comments on the minutes to PACMatters@iso-ne.com.

The schedule of upcoming Environmental Advisory Group meetings was discussed. In addition an agenda was provided for the IPSAC WebEx teleconference on March 30, 2011.

An EIPC update was provided by Mr. Bob Stein along with an EISPC update from Ms. Heather Hunt

Mr. Henderson advised that ISO-NE could be going to individual CEII passwords. PAC attendees voiced no concerns.

Mr. Michael Henderson welcomed all attendees to the day's meeting and provided an overview of the day's meeting agenda. Mr. Henderson announced the reposting regarding the Response to NESCOE Comments and ISO-NE Responses with the revised version.

An update was given regarding Exploring an Energy Efficiency Forecast with a project timeline for completion.

The next NEWIS PAC Meeting is scheduled for February 2, 2011. It was requested that any questions on the subject be provided to ISO-NE by January 12, 2010. Responses to those questions will be provided at the February 2, 2011 PAC meeting.

February 16, 2011 is Load Forecast Day. Meeting focus will be on the CELT Reports and economic studies for retirement of generating units.
