

**National Energy Board  
Hearing Order RH-003-2011  
Undertaking U-1**

**Response to  
Undertaking given by Panel 1 to Me Sarault at Transcript Reference Vol. 2,  
Paragraph 1453, with respect to eastern zone tolls during the 2007-2011 period.**

---

**Undertaking:**

Under leave by the Board, for TransCanada Panel 1 to either produce or provide details of where it currently exists on the record of a table of the actual eastern zone toll as it happened in real life compared to what was produced for illustrative purposes back in 2007.

**Response:**

The illustrative Eastern Zone tolls that were attached to the 2007-2011 Settlement Application have not been filed in the record of the RH-003-2011 proceeding at this time. These tolls are presented in Table 1 below. The record includes numerous references to historical Mainline tolls; however, for ease of reference, the Final Eastern Zone Tolls in effect during the 2007-2011 period are included in Table 1.
