RÉGIE DE L'ÉNERGIE

PROVINCE OF QUÉBEC
District of Montréal

SOCIÉTÉ EN COMMANDITE GAZ MÉTRO

No. R-3942-2015

(hereinafter «Gaz Métro»)

AFFIDAVIT OF DAVID MYSONA
(SECTION 30, *LOI SUR LA RÉGIE DE L'ÉNERGIE*)

I, the undersigned, **DAVID MYSONA**, having my place of business at 150 California Street, San Francisco, CA, United States, solemnly declare that:

1. I am Chief Executive Officer at Blackstone Technology Group ("Blackstone");
2. Blackstone is a consulting firm working in the field of information technologies and has been retained by Gaz Métro in order to develop the project described in Exhibit B-0005 and B-0011;
3. I have personal knowledge of the facts relevant to this request for a confidentiality order;
4. Gaz Métro filed its responses to Information Request No. 1 of the Régie de l'énergie (Exhibit B-0009) on October 9, 2015, which include, in particular, information about payments to be made to Blackstone and its commercial offer ("Confidential Information");
5. The references to Exhibit B-0009 where the Confidential Information is contained are the following :
 - Response to question 1.2, section related to the contingency ("contingence"), p.3;
 - Response to question 2.1, sections related to the software ("logiciels") and the consultants ("consultants"), p.6;
 - Response to question 3.2, pp.10-11;
 - Response to question 3.3, p.11;
6. More specifically, these references indicate the remaining balance due on the contract between Blackstone and Gaz Métro, including an incentive granted to Blackstone if the deadline of October 1, 2016 is respected;
7. These references also indicate the impact of the application of the exchange rate on the remaining balance due on the contract, so that the disclosure of this differential would unveil the amount of the remaining balance due on the contract;
8. Such Confidential Information shall not be disclosed publicly as it is not known to Blackstone's competitors nor current or potential clients;

9. Thus, the public disclosure of Confidential Information may cause harm to Blackstone as it could have an impact on its competitive position in the market, which is why Blackstone asks that it remains confidential for an indefinite term;
10. All the facts alleged in this affidavit are true.

AND I HAVE SIGNED

DAVID MYSONA

SWORN before me,
At San Francisco, this 25th day of November 2015

Notary public

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.
