AFFIDAVIT OF NORA VASQUEZ TRANSCANADA ENERGY LTD.

I, the undersigned, **NORA VASQUEZ**, residing in Vaughan, province of Ontario, do solemnly affirm as follows:

- 1. I am Manager, Commercial Operations Eastern Canadian Power Commercial of TransCanada Energy Ltd. ("**TransCanada**"), which has a place of business at 200 Bay Street, Suite 2400, Toronto, Ontario, M5J 2J1.
- 2. On June 10, 2003, TransCanada concluded an electricity supply contract with Hydro-Québec Distribution ("HQD"), with regard to the TransCanada's power plant located in Bécancour (the "Power Plant") further to the HQD call for tenders A/O 2002-01 (the "Contract").¹
- 3. On October 30 and November 30 of 2007, HQD and TransCanada concluded a Memorandum of understanding for the temporary suspension of production activities at the Power Plant (the "Memorandum of Understanding") and the Final Agreement (the "Final Agreement"), which were approved by the Régie de l'énergie (the "Régie") in file R-3649-2007.²
- 4. Subsequently, TransCanada concluded with HQD a Suspension Agreement on June 29, 2009 for the temporary suspension of electricity production activities at the Power Plant (the "Suspension Agreement"), which was approved by the Régie in file R-3704-2009.³
- 5. Finally, TransCanada concluded with HQD an agreement on December 20, 2013 to amend certain terms of the Suspension Agreement (the "Amended Agreement"), which was approved by the Régie in file R-3875-2014.⁴

⁴ R-3875-2014: HQD-1, Document 1; D-2014-086.

- 6. I have personal knowledge of the administration of the Contract, as amended by the Memorandum of Understanding, the Final Agreement, the Suspension Agreement and the Amended Agreement.
- 7. I sign this affidavit in support of the application by HQD to obtain a confidentiality order with respect to certain confidential information of TransCanada relating to the Contract, the Suspension Agreement and the Amended Agreement:
 - a) which appears in Schedule A (Table A-1) of exhibit **HQD-6**, **Document 1** (Volumes and costs of post-heritage supply) submitted to the Régie in this present tariff application, including the anticipated cost of each of the post-heritage supply contracts for the years 2015, 2016 and 2017 (which includes the cost of the Contract);
 - b) which appears in Schedule C (Table C-1) of exhibit **HDQ-9**, **Document 7** and relative costs relating to the suspension, corresponding to the annual fixed costs anticipated in the Contract, on a discounted and updated basis, as well as the forecasted costs of the suspension from May 2014 to December 2018, also on a discounted and updated basis;

which relates to the details of compensation calculations to be paid to TransCanada under the Suspension Agreement.

I. CONTEXT

File R-3515-2003

- 8. On June 10, 2003, HQD and TransCanada concluded the Contract, which was approved by the Régie.⁵ Section 42 of the Contract provides that certain information, including information appearing in or referred to in section 16, in Appendix II (items 1(ii) and (iv), 2(ii) and (iv) and 3(ii) and (iv)) and in Appendix VI of the Contract, shall be treated confidentially.
- 9. - 26. On February 26, 2014, the Régie granted this request for confidential treatment of TransCanada information (D-2014-029).

HQD Tariff Applications

27. In its tariff applications R-3776-2011, R-3814-2012, R-3854-2013, R-3905-2014 and R-3933-2015, HQD submitted to the Régie the anticipated costs of each post-heritage supply contracts for the years 2010 to 2016, inclusively (which includes the cost of the Contract). Further to decisions D-2011-144, D-2012-119, D-2013-148, D-2014-160 and D-2015-153, the Régie granted the requests for confidential treatment of the TransCanada information.

II. SUSPENSION OF THE POWER PLANT ACTIVITIES FOR THE YEARS 2010 TO 2018

28. In the applications before the Régie bearing file numbers R-3734-2010, R-3765-2011, R-3803-2012, R-3850-2013, R-3875-2014 and R-3933-2015, HQD submitted to the Régie applications for the approval of the suspension of energy production activities at the Power Plant for the years 2011 to 2018, inclusively. In decisions D-2010-127, D-2011-110, D-2012-118, D-2013-129, D-2014-086 and D-2015-153, the Régie approved HQD's applications.

III. SUBJECT OF THE CONFIDENTIALITY REQUEST

- 29. In accordance with the previous decisions on the subject, TransCanada hereby respectfully requests that the Régie uphold the order for the confidentiality, protection and non-disclosure to any person, other than the Régie, of certain information contained in the following provisions of the Contract, the Suspension Agreement and the Amended Agreement:
 - a) as for the Contract:
 - the content of sections 16.1, 16.2, 16.3 et 16.8 as well as the heat rate referred to in paragraph a) of section 16.7 of the Contract;
 - (ii) the content of Appendix VI of the Contract components of electricity price formula;
 - b) as for the Suspension Agreement:
 - (i) Section 13 (Continued Capacity Payment);

 - (viii) Part C, Article III, Section 4 (Provision regarding New Transmission Arrangements);

as well as any aggregated or disaggregated information that may allow for the identification of such confidential information.

- 30. In the present HQD application, TransCanada requests to maintain the confidentiality of the confidential information relating to the Contract, the Suspension Agreement and the Amended Agreement:
 - which appears in Schedule A (Table A-1) of exhibit HQD-6, Document 1 (Volumes and costs of post-heritage supply) submitted to the Régie in this present tariff application, including the anticipated cost of each of the postheritage supply contracts for the years 2015, 2016 and 2017 (which includes the cost of the Contract);
 - b) which appears in Schedule C (Table C-1) of exhibit **HDQ-9**, **Document 7** and relative costs relating to the suspension, corresponding to the annual fixed costs anticipated in the Contract, on a discounted and updated basis, as well as the forecasted costs of the suspension from May 2014 to December 2018, also on a discounted and updated basis;

which relates to the details of compensation calculations to be paid to TransCanada under the Suspension Agreement.

This information flows from the provisions of the Contract, the Suspension Agreement and the Amended Agreement and have been protected by the Régie on an ongoing basis in the past.²¹

IV. GROUNDS FOR THE CONFIDENTIALITY REQUEST BY TRANSCANADA

- 31. Information mentioned in paragraphs 29 and 30 of the TransCanada request for non-disclosure is industrial, financial, commercial and technical information of a confidential nature habitually treated as confidential information by TransCanada.
- 32. As mentioned above, the Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of information mentioned in paragraphs 29 and 30.²²
- 33. The disclosure of this information would be in clear infringement of the Régie²³ decisions and would harm evidence already in the above mentioned files.²⁴
- 34. More particularly, under section 42 of the Contract and sections 45 to 48 of the Suspension Agreement, all information mentioned in paragraphs 29 and 30 of the

D-2003-146, D-2007-127, D-2008-106 D-2009-125, D-2010-151, D-2011-144, D-2012-118, D-2012-119, D-2013-148, D-2014-029, D-2014-160 and D-2015-153.

TransCanada request for non-disclosure are defined as "confidential information", whose disclosure or communication is prohibited.

- 35. This information shows the project development strategy of TransCanada, its business and operation strategies and its cost and price structures. The disclosure would cause certain harm to TransCanada, procure considerable benefits to its competitors and risk substantial harm to its competitiveness.
- 36. This information is also likely to show certain technical characteristics of the Power Plant, including its heat rate value and seasonal efficiency. From this information, one could infer information on the price structure of the Power Plant, the project development strategies of TransCanada, its business and operation strategies and its cost and price structures.
- 37. Most particularly, the information contained in sections 13 to 16, 24 to 26 and in paragraphs 2 to 4 of Appendix 3 of the Suspension Agreement relate to the price for capacity and energy under the Contract and the credit granted by TransCanada to HQD for the firm transportation. Disclosure of this information would give indications to competitors and other potential clients of TransCanada on its project development strategy and cost and price structure. This disclosure would procure considerable benefit to competitors of TransCanada and adversely affect its competitiveness with respect to other projects. As mentioned above, the Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.²⁵
- 38. The information appearing in sections 18, 19 and 21 of the Suspension Agreement relates to the replacement steam production costs for the steam client of TransCanada. Disclosure of this information would provide indications to competitors and other potential clients of TransCanada on its project development strategy and its cost and price structures, thus reducing the competitive margin of TransCanada with respect to other projects. The Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.²⁶
- 39. The information appearing in section 29 of the Suspension Agreement relates to the right of substitution of TransCanada with respect to the electricity production under section 7.5 of the Contract and the replacement electricity rate that TransCanada may implement outside Québec. Disclosure of this information would give indications to competitors of TransCanada on its electricity production substitution strategy and capacity. This disclosure would procure considerable advantage to competitors of TransCanada and reduce its competitive margin with respect to the access to interconnections. The Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.²⁷
- 40. The information appearing in sections 32 and 34 to 36 of the Suspension Agreement relates to the lay-up and re-commissioning costs of the Power Plant as well as the price for capacity and energy under the Contract. Disclosure of this information would provide

See note 21.

See note 21.

²⁷ See note 21.

indications to competitors and other potential clients of TransCanada on its project development strategy and its cost and price structures. This disclosure would procure considerable advantage to competitors of TransCanada and adversely affect its competitiveness with respect to other projects. The Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.²⁸

- 41. The information appearing in Schedule 3, paragraph 1 of the Suspension Agreement relates to replacement major maintenance years for the Power Plant. This information is likely to show certain technical characteristics of the Power Plant, including its performance and efficiency. From this information, one could infer information on the price structure of the Power Plant, the project development strategies of TransCanada, its business and operation strategies and its cost and price structures. The Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.²⁹
- 42. The information of the Amended Agreement describes:
 - a) in paragraphs 29.c)(i) and 29.c)(ii) above relating to the volume of unutilized firm transportation, price structure under the Contract and credit granted by TransCanada to HQD for the firm transportation. Disclosure of this information would give indications to competitors and other potential clients of TransCanada on its project development strategy and its costs and price structures. This disclosure would therefore procure considerable advantage to competitors of TransCanada and adversely affect its competitiveness with respect to other projects;
 - b) in paragraphs 29.c)(iii) and 29.c)(iv) above relating to the terms and conditions relative to the exercise of the option, volume of unutilized firm transportation and potential volumes of firm transportation by TransCanada. Disclosure of this information would give indications to competitors and other potential clients of TransCanada on its project development strategy, business and operation strategies, cost and price structures, and quantity of unutilized firm transportation, thus adversely affecting the competitiveness of TransCanada with respect to other projects. The disclosure would cause certain harm to TransCanada, procure competitors considerable benefit and risk substantially reducing its competitive margin;
 - c) in paragraphs 29.c)(vii) and 29.c)(viii) above relating to the renewal period of the firm transportation contract and the reactivation of the Power Plant. Disclosure of this information would give indications to competitors and other potential clients of TransCanada on its project development strategy and cost and price structures, thus adversely affecting the competitiveness of TransCanada with respect to other projects;

²⁸ See note 21.

²⁹ See note 21.

- as mentioned above, the Régie has prohibited on an ongoing basis in the past the disclosure, publication and dissemination of this information.³⁰
- 43. On these grounds, TransCanada applies to the Régie to grant the present confidentiality request and the prohibition of the disclosure, publication and dissemination of the information and documents mentioned above in paragraphs 29 and 30.
- 44. All the facts contained in the present affidavit are true.

AND I HAVE SIGNED:
