RE: Justification for Costs Incurred to September 5, 2019  
Régie file: R-4008-2017  
Our file: SUMENE-15

---

Dear colleague,

Further to decision D-2019-109 and the filing by Summitt Energy Quebec LP / Énergie Summitt Québec S.E.C. (“**Summitt Energy**”), of the *Demande de paiement de frais* for costs incurred by it up to September 5, 2019, we submit, *de bene esse*, the following justification for those costs. The Regie will note that the costs incurred up to September 5, 2019 are within the budget submitted by Summitt Energy. That budget did not contemplate the various amendments by Energir and multiple hearings that took place so far in connection therewith. Summitt Energy has participated actively in those steps, submitting written representations, asking questions that other intervenants have not asked, and making brief representations at hearings. Summitt Energy has offered the Regie a different point of view than other intervenants, has acted with diligence and respected the directives provided by the Regie. The work that it has submitted has been limited to issues at stake in this file, such as conditions of service and the effect of price on supply by Summitt Energy, by way of examples. For these reasons, the costs submitted by Summitt Energy are necessary and reasonable.

Respectfully submitted,

**FISHMAN FLANZ MELAND PAQUIN LLP**
