RE: Costs Incurred from September 6, 2019 to June 30, 2020
Régie file: R-4008-2017
Our file: SUMENE-15

Dear colleague,

Pursuant to the procedural letter of the Regie (A-0136), Summitt Energy Quebec LP / Énergie Summitt Québec S.E.C. ("**Summitt Energy**") filed a *Demande de paiement de frais* for costs incurred by it up from September 6, 2019 to June 30, 2020. By its letter dated July 27, 2020, Energir raised certain comments regarding that request. Summitt Energy hereby submits a revised *Demande de paiement de frais* that addresses the matters raised by Energir.

Summitt Energy has intervened in this file with a different point of view than other intervenants, has acted with diligence and respected the directives provided by the Regie. It has submitted written representations, filed an information request and attended the working session held in November. Summitt Energy The work that it has submitted has been limited to specific issues at stake in this file, such as conditions of service and the effect of price on supply by Summitt Energy, by way of examples. Although it has not taken a position on every issue, it remains necessary for its counsel to review documents filed at the SDE so as to be prepared for Phase C of the file. For these reasons, the costs submitted by Summitt Energy are necessary and reasonable.

Respectfully submitted,

FISHMAN FLANZ MELAND PAQUIN LLP
