RE: Énergir - Demande concernant la mise en place de mesures relatives à l'achat
et la vente de gaz naturel renouvelable
Régie file: R-4008-2017
Our file: SUMENE-15

Dear colleague,

Energir indicated in its letter dated February 8, 2021 (B-0482), that English translations of its exhibits with respect to Phase C would be filed shortly thereafter. In its procedural decision D-2021-016 dated February 17, 2021, the Régie scheduled a deadline of March 5, 2021 for information requests to be made to Energir. That same day, considering that we had not yet received the translations, the undersigned wrote to Energir's counsel to request them. We were advised on March 3, 2021 that the translations will only be available by March 4 or 5, 2021.

Even if the translations are received today, the Summitt Energy Quebec LP / Énergie Summitt Québec S.E.C. ("**Summitt**") will have insufficient time to review them and to file information requests by the March 5, 2021 deadline, whereas the other intervenants have had almost one month to do so. Summitt therefore respectfully requests that it be granted an extension of at least one week from the time the translations are made available in order to submit any information requests that it may have.

Respectfully submitted,

FISHMAN FLANZ MELAND PAQUIN LLP
