**Date of Birth:** February 23, 1978

**Education:** Applied Economics Graduate program, University of Wisconsin-Madison, Fall 2007-current.

BS: Economics (Mathematical Emphasis), University of Wisconsin-Madison May 2000

**Relevant Work Experience:** Pacific Economics Group Research March 2009 - Current  
Pacific Economics Group April 2001 – Feb. 2009

Senior Economist

- Manage empirical research.
  - Econometric cost benchmarking for power distribution, gas distribution, bundled power service, A&G. Econometric reliability benchmarking.
  - Alternative regulation rate proposals requiring productivity and input price inflation trends for power distribution, gas distribution, and bundled power service.
- Communicate with clients regarding progress on deliverables and to request information.
- Edit and check accuracy of testimony and reports and write responses to data requests.
- Assist in the economic theory and the accuracy of research.
- Assisted at the EUCI benchmarking conference workshop held in Chicago in August, 2008.
- Coordinate marketing effort and communicate directly with potential clients.

Economist I, II, & III

- Managed and assisted with empirical research

- Statistical cost benchmarking for power distribution, gas distribution, bundled power service, A & G functions, nuclear power generation, water distribution, and power transmission.
- Alternative regulation rate proposals requiring productivity and input price inflation trends for power distribution, gas distribution, and bundled power service.
- Researched utility topics as applicable to client needs.
- Organized the collection and processing of U.S. utility data on an annual basis involving FERC Forms 1 & 2 and EIA forms 176, 423, 861 as well as other pertinent utility data.

**Major Research Projects:**

1. Research North American power industry revenue forecast precedents, HECO, 2008.
2. Revenue Adjustment Mechanism for CVPS Revenue Decoupling Proposal, CVPS, 2008.
3. Productivity Research for Bundled Power Service, HECO, 2008.
4. A&G Power Benchmarking Research. 2008.
5. Productivity Research of Ontario's Power Distribution Utilities, OEB, 2008.
6. Productivity Research of U.S. Power Generation and Distribution, APS, 2007.
7. Productivity Research of Northeast Power Distribution, CMP, 2007.
8. Productivity Research of Ontario's Gas Distribution Utilities, OEB, 2007.
9. Benchmarking Research of Ontario's Power Distribution Utilities, OEB, 2007.
10. Benchmarking Research of Electric A&G Expenses, Michigan PSC, 2006.
11. Productivity Research for Gas Distribution, Sempra, 2006.
12. Productivity Research for Power Distribution, Sempra, 2006.
13. Benchmarking Research for Gas Distribution, Nstar Gas, 2006.
14. Benchmarking Research for Power Distribution, Central Vermont PSC, 2005.
15. Benchmarking Research of Nuclear Power Generation, Sempra, 2005.
16. Research on Rate Trends for Electric Power, EEI, 2005.
17. Benchmarking Research of Bundled Power Service, Florida Power, 2005.
18. Benchmarking Research of Canadian Electric Distribution, Hydro One, 2005.
19. Benchmarking Research of Gas Distribution, Bay State, 2005.
20. Benchmarking Research of Electric Distribution, Aquaelectra, 2004.

21. Benchmarking Research for the Caribbean Water Distribution Industry, Aquaelectra, 2004.
22. Compensatory Rate Trend for the U.S. Gas Industry, 2004.
23. Productivity Research for the U.S. Electrical industry, TXU, 2004.
24. Research on Productivity and Benchmarking for Queensland, Australia Electrical Companies, 2004.
25. Research on Productivity and Benchmarking for Gas and Electric Industries for Sempra, 2004.
26. Research on Productivity and Benchmarking for Jamaican Power Company. JPS, 2003-4.
27. Cost analysis research and benchmarking for the Bolivian Power regulator, 2003.
28. Research on Productivity and Benchmarking for a Canadian Power Transmission Company, 2002.
29. Research on Productivity and Benchmarking for a Natural Gas Distributor. Boston Gas, 2002-3.
30. Research on Benchmarking for Bundled Power Service. AmerenUE, 2002
31. Statistical Benchmarking for Electric Power Transmission. Transcend, 2002.
32. Statistical Benchmarking for three Australian Gas Utilities, 2001.
33. Power Distribution TFP trends for Bangor Hydro, 2001.
