

ADDENDUM

Electricity Rates 2019

Extension of the first energy tier of Rate DN

In decision D-2019-130, the Régie de l'énergie approved an extension of the first energy tier of Rate DN, from 30 kWh to 40 kWh per day.

This addendum presents Article 7.2 as amended effective December 1, 2019.

SECTION 1

CONDITIONS OF APPLICATION OF DOMESTIC RATES FOR CUSTOMERS OF OFF-GRID SYSTEMS

ARTICLE 7.2 AS AMENDED

Structure of Rate DN

7.2

The structure of Rate DN for a weekly contract is as follows:

- 40.64¢ system access charge for each day in the consumption period, times the multiplier,

plus
- 6.08¢ per kilowatthour for energy consumed, up to the product of 40 kilowatthours, the number of days in the consumption period and the multiplier, and
- 41.43¢ per kilowatthour for the remaining consumption,

plus a monthly charge of
- \$6.21 per kilowatt of billing demand in excess of the base billing demand.

If applicable, the credit for supply, as described in Article 10.3, applies.
