TO: All Registered Entities

SUBJECT: Information on standards coming into effect or being withdrawn

The Régie de l'énergie (the Régie) draws your attention to the following points of information :

- Coming into effect of standard CIP-015-1 (consult the page on [reliability standards effective at a future date](#) for more information).
- Coming into effect of version 3 of the Québec Appendix of standard FAC-011-4:
 - Coming into effect date: October 1, 2026.
- Withdrawal of version 2 of the Québec Appendix of standard FAC-011-4:
 - Withdrawal date: October 1, 2026.

The above-mentioned documents are published in the [Entities subject to reliability standards](#) section of the Régie website.

Registered entities subject to reliability standards must acquaint themselves with the text of the standards, the register of entities subject to reliability standards, the glossary of terms and acronyms used in reliability standards, and of any other documents from the Régie about Québec reliability standards compliance monitoring and enforcement.

You can subscribe to our newsletter « [What's new?](#) » which provides news regarding the mandatory regime of reliability standards in Québec.

Yours truly,

Johanne Skelling, avocate
Secrétaire générale de la Régie de l'énergie
