**Subject: Approval of the 2020 Implementation Plan within the framework of Québec Reliability Standards Compliance Monitoring and Enforcement Program (QCMEP)**

---

Sir:

In accordance with Section 6.12 of the *Agreement on the Implementation of the Québec Reliability Standards Compliance Monitoring and Enforcement Program* (the Agreement) and Section 4 of the *Québec Reliability Standards Compliance Monitoring and Enforcement Program*, NPCC submitted a preliminary version of the French and English 2020 Implementation Plan (the plan) to the Régie on October 31, 2019. After incorporating the Régie's proposals and changes, NPCC submitted the final English and French versions of the plan to the Régie on November 19, 2019.

The North American Electric Reliability Corporation (NERC) submitted comments to NPCC on a preliminary version of the plan, in accordance with Section 6.2 of the Agreement. The Régie considers that the plan integrates the comments of all parties, in a satisfactory manner.

The Régie takes note of NPCC's attestation that the plan is necessary and sufficient for the compliance monitoring of Reliability Standards in effect in Québec.
