Mr. Charles Dickerson  
President and Chief Executive Officer  
Northeast Power Coordinating Council (NPCC)  
1040 Avenue of the Americas  
4<sup>th</sup> Floor  
New York, NY 10018

**Subject: Approval of an update of the 2026 Implementation Plan within the framework of Québec Reliability Standards Compliance Monitoring and Enforcement Program (QCMEP)**

---

Sir:

NPCC filed an updated 2026 Implementation Plan on March 9, 2026 (the plan). The Régie de l'énergie (the Régie) takes note of the following changes in the newly integrated Revision History section:

- Modification of the audit plan for 2027
- Update of the 2026 Periodic Data Submittal Matrix, to include version 5 of standard PRC-002 and to add standard PRC-028-1, which will come into effect on July 1, 2026.

The Régie takes note of NPCC's attestation that the plan is necessary and sufficient for the compliance monitoring of Reliability Standards in effect in Québec. The Régie is thus satisfied with the plan, approves it and sets its coming into effect on **April 1, 2026**.

The Régie will publish the plan on its web site no later than April 2, 2026.

Yours truly,

Esther Falardeau,  
Régisseur et présidente par intérim
